PREFACE

PURPOSE

The purpose of this manual is to provide firm guidelines to enable all company personnel to carry out their assigned duties and responsibilities in accordance with Company policies, procedures and ISAGO Standards and Recommended Practices.

STANDARDS

ISAGO Standards are specified systems, policies, programs, processes, procedures, plans, sets of measures, facilities, components, types of equipment or any other aspects of ground operations under the scope of ISAGO that are considered an operational necessity, and with which a provider will be expected to be in conformity at the conclusion of an Audit.

**Manual Revision**

Each manual holder will be responsible for keeping his/her manual up to date as revisions are furnished. The General Manager will be responsible for keeping office copies up to date. Formal revisions to this are issued by the General Manager. Each formal revision will be accompanied by a new List of Effective Pages.

Revision control is accomplished in the lower part of each page. The following is an explanation of the terms found:

A-1 Represents Section A, Page 1.
Revision: 8 Represents Revision 8.
01/01/2012 Represents the date the revision became effective.

Revision Control

All revisions to this manual will be issued a revision number. This number, along with the effective date, will appear on each revised page. A record of revisions will be maintained in each manual. This record will require the entry of the revision number, date revision was accomplished, and initials of the individual who accomplished the revision.

Revision Letter

Each revision to this Company Operations Manual will be issued with "Revision Letter" attached. This letter will contain specific instructions for the accomplishment of the revision. These instructions will appear in the "Action" column of the letter. The codes are as follows:

R= Remove and Replace the affected page
D= Delete Destroy the affected page
N= Insert new page

The "Remark" column of the "Revision Letter" will give a brief description of the revised material. The "Revision Letter" will be completed by the person accomplishing the revision in each manual. The completed "Revision Letter" will be returned to the Director of Operations. It will be the responsibility of the Director of Operations to assure that all "Revision Letter" are returned in a timely manner to ensure revisions to all manual have been accomplished.
