

APPENDIX E—PACKAGING TESTING FACILITIES, MANUFACTURERS AND SUPPLIERS

E.0 General

This Appendix contains three lists relating to UN specification packaging. The first list (E.1) is composed of package manufacturers and suppliers of UN specification packaging. The second list (E.2) is composed of facilities which can perform the package performance tests required by these Regulations. A third list (E.3) shows all packagings which are specified in the United Nations *Recommendations on the Transport of Dangerous Goods* and which are permitted for air transport.

The information in these lists has been provided by many sources and is provided solely as an aid to shippers. The lists are not to be construed as being part of the Regulations or as an endorsement of the facilities and companies listed. While IATA believes the information to be accurate, it takes no responsibility for any errors or omissions.

Packaging suppliers wishing to be included in the list of UN Specification Suppliers are invited to contact:

International Air Transport Association
800 Place Victoria
P.O. Box 113
Montreal
Quebec
CANADA
H4Z 1M1
Tel: +1 (514) 390 6732
Fax: +1 (514) 874 9659
E-mail: advertising@iata.org

An administrative fee will be charged.

E.1 UN Specification Packaging Suppliers

This list will assist shippers and manufacturers of dangerous goods in locating UN specification packagings of the type they require. Suppliers are listed alphabetically by country and the types of packagings available are listed. The list includes packaging types normally used only in combination packagings. Shippers should note that combination packagings must be tested and certified as complete packages as intended for transport.

E.2 Packaging Testing Facilities

In some States, the testing facilities are authorised to grant approvals to use specification marking. As an aid to shippers, the names, addresses and contacts of Packaging Testing Facilities have been provided. Since this information has been obtained from many sources at different times we cannot guarantee the accuracy at the time of use.

E.3 UN Specification Packagings

This list contains all packagings specified in the United Nations Recommendations on the Transport of Dangerous Goods. Not all these packagings may be used for air transport and these are identified. This list is an extension of that found in Table 5.0.C. For further details of the package specifications and nomenclature, see Section 6.

Drums

Steel	1A1	non-removable head
	1A2	removable head
Aluminium	1B1	non-removable head
	1B2	removable head
Metal other than Aluminium or Steel	1N1	non-removable head
	1N2	removable head
Plywood	1D	
Fibreboard	1G	
Plastic	1H1	non-removable head
	1H2	removable head

Jerricans

Steel	3A1	non-removable head
	3A2	removable head
Aluminium	3B1	non-removable head
	3B2	removable head
Plastic	3H1	non-removable head
	3H2	removable head

Boxes

Steel	4A	Steel
Aluminium	4B	aluminium
Natural wood	4C1	ordinary
	4C2	with sift-proof walls
Plywood	4D	
Reconstituted wood	4F	
Fibreboard	4G	
Plastic	4H1	expanded plastic
	4H2	solid plastic
Other Metal	4N	

Bags

Woven plastic	5H1	without inner liner or coating ²
	5H2	siftproof
	5H3	water resistant
Plastic film	5H4	
Textile	5L1	without inner liner or coating ¹
	5L2	siftproof
	5L3	water-resistant
Paper	5M1	multiwall ²
	5M2	multiwall, water resistant

Composite Packagings: Plastic

6HA1	plastic receptacle, outer steel drum
6HA2	plastic receptacle, outer steel crate ³ /box
6HB1	plastic receptacle, outer aluminium drum
6HB2	plastic receptacle, outer aluminium crate ³ /box
6HC	plastic receptacle, outer wooden box
6HD1	plastic receptacle, outer plywood drum
6HD2	plastic receptacle, outer plywood box
6HG1	plastic receptacle, outer fibreboard drum
6HG2	plastic receptacle, outer fibreboard box
6HH1	plastic receptacle, outer plastic drum
6HH2	plastic receptacle, outer solid plastic box

Composite Packagings: Glass, porcelain or stoneware (not used in these Regulations)

6PA1	receptacle, outer steel drum
6PA2	receptacle, outer steel crate ³ /box
6PB1	receptacle, outer aluminium drum
6PB2	receptacle, outer steel crate ³ /box
6PC	receptacle, outer wooden box
6PD1	receptacle, outer plywood drum
6PD2	receptacle, outer plywood box
6PG1	receptacle, outer fibreboard drum
6PG2	receptacle, outer fibreboard box
6PH1	receptacle, outer plastic drum
6PH2	receptacle, outer solid plastic box

Inner Packagings

Glass
Plastic
Metal cans, tins or tubes
Paper bags
Plastic bags
Fibre cans or boxes

⊗

Metal or plastic flexible tubes

¹ Not used in the IATA Dangerous Goods Regulations.

² Specialised use only.

³ Crates are outer packagings with incomplete surfaces. For air transport, crates may not be used as outer packagings of composite packagings.

E
