

APPENDIX: 1

SAFETY & SECURITY BULLETIN (U-SMS-09)

Revision: Original

Date: 7/1/2015

Bulletin No: 18-011

Date: 10/Oct/18

Reissued

SUBJECT: RAMP SAFETY

APPLICABLE TO: ALL RAMP PERSONNEL

Section J of ULTRA GOM J.4 details the proper ramp safety procedures when driving on the AOA

To drive on the AOA you will need to have in your possession at all times

1 AOA driving permit

1 Valid Florida Drivers license

1 Valid MDAD MIA Badge

YOU will also need to be trained and certify on the equipment you will be operating.

Be familiar with the area you are driving in, especially if this area is a confined space such as the bag room areas, FIS customs areas.

You must obey all traffic laws and signs

Two in none out

One in one out

Two in none out

Remember Check all ULD (Cans) that you are towing for damage before you move them

Check the dollies you are re about to tow to make sure that they track correctly and do not have any non functional part (brake, locks turn tables)

DO NOT drive between two row of park GSE, check your clearance at all times

Before moving , blow you horn to advise every one around of your pending movement(s)

Remember you SMS training report any unsafe acts, or hazard conditions to you supervisor or manager or anonymously to safety@ultravi.com

Be SAFE follow all ramp safety rules and company SOP
